

Free Vision Discount Program

United Concordia is pleased to offer you and your office staff a free discount vision program through **Davis Vision**. Please feel free to photocopy both sides of this flyer to accommodate eligible staff and family members.

Davis Vision is one of the nation's leading managed vision and eye care providers, administering vision care services and products for more than 20 million people nationwide. As a Davis Vision Discount Plan member, you and your family are entitled to discounts on eyewear and contact lenses from contracted Davis Vision providers. Whether you're looking for a participating vision provider or want more information about the discount plan, Davis Vision offers a number of convenient ways for you to get the information you need, when you need it:

Discount Card Program

This low-cost, traditional discount card program provides significant discounts when the card is presented at any participating provider location. Cardholders can easily obtain information on the more than 14,000 participating providers by calling Davis Vision's toll-free Interactive Voice Response system or visiting www.davisvision.com. See the below **Member Services** section for more details.

LENS 123®

Lens 123® is a mail order program that allows you to enjoy the guaranteed lowest prices on replacement contact lenses. Members can conveniently call **1-800-LENS123** with a current prescription for this value-added service. The Lens 123® contact lens replacement program is endorsed by the industry's major manufacturers.

Laser Vision Correction

Davis Vision's Laser Vision Correction program provides substantial discounts on laser vision correction procedures. Members are entitled to savings of up to 25% off usual and customary fees or a 5% discount off a center's advertised special through a network of preeminent physicians affiliated with Eye Centers of Excellence.

Some centers provide a flat fee equating to these discount levels.

How the Discount Program Works with your Plan

You may choose from a list of Davis Vision contracted private practice providers or contracted retail locations for discounts on eyewear. If you already have a vision examination benefit as part of your health plan, you may use an in-network provider in your health plan network for your examination. Then use a Davis Vision contracted provider for your eyewear purchases (eyeglasses, etc.) and maximize your savings (you should verify whether or not the Davis Vision provider accepts outside prescriptions prior to your appointment).

Member Services

Members may call toll-free **(877) 923-2847** to access Davis Vision's Interactive Voice Response (IVR) system 24 hours a day, 7 days a week. The IVR system provides the names and locations of Davis Vision contracted providers near you.

Members can also access the provider directory by going to www.davisvision.com and clicking the **Members** tab. Enter Client Code **7602** and click **Submit** in the **Open Enrollment** section to access the directories.

Davis Vision Member Services Representatives are available from 8AM to 8PM EST Monday through Friday and 9AM to 4PM EST Saturday.

Note: This is purely a discount program. All existing vision benefits, if any, associated with your health plan still apply.
