

Soft Tissue Graft Claim Submission

Please submit your electronic claims with the following attachment for Soft Tissue Graft claims.

- Periodontal charting completed within the past 12 months of the area(s) being treated is required and must include pocket depths, amount of recession measured from the CEJ to the gingival margin and an indication of the amount of keratinized attached gingiva is remaining.
- Preoperative photo (if available)
- Narrative (statement) explaining the reason why the graft(s) is needed, are also required.

If you cannot send electronic claims, please submit an ADA compliant claim form, along with the above mentioned attachments.
