HIPAA ELIGIBILITY AND CLAIM STATUS TRANSACTIONS USING A CLEARINGHOUSE /VENDOR	United Concordia realizes that dental offices work with a multitude of payors and it can be difficult to use various systems for every carrier. In order to make verifying eligibility and checking claim status electronically easier for dental offices, United Concordia works with numerous clearinghouses and software vendors which can provide the ability for dental offices to perform these transactions with all payors, using just one system.	Contact your software vendor to find out how you can perform these transactions through your practice management software.

Interactive Voice Response (IVR) System

United Concordia's Customer Service IVR System offers dental offices access to information stored in United Concordia's records and the capability to finalize predeterminations for payment via the telephone. You can choose to listen to the information or, in most instances, request the information by fax or mail.

The IVR System is accessible through any toll-free Customer Service number. The IVR system is available 24 hours a day, 7 days a week, except when our databases are undergoing scheduled maintenance.

The IVR System connects you directly to our databases and gives you access to:

- » Patient eligibility and benefits
- » Claim/predetermination status information
- » Orthodontic information
- » Procedure history
- » Maximum/deductible accumulations
- » Co-payment listings
- » Procedure allowances

To use the IVR, call any United Concordia toll-free customer service number and follow the prompts listed below.

- Once connected to the IVR, navigate through the IVR system to retrieve your desired information about a particular patient. You may have instructions repeated by pressing *8.
- Please note that all dates must be entered in the MMYYYY format. For example, March 15, 2011 would be entered as 032011.

Note: When entering the number portion of the contract ID, include all leading zeros.
